

Neocate® is a medical food, indicated for infants or individuals aged one and up with cow milk allergy, multiple food allergies, and related GI and allergic conditions.

Below are related GI and allergic conditions and/or potential symptoms of these conditions. The list of diagnoses and ICD-10 codes is not all-inclusive and may not be appropriate for every patient. It is the responsibility of the healthcare professionals associated with the patient's care to determine and document the appropriate diagnosis(es) and code(s) for each patient.
